Shandong Shenghao Fiber Glass Co., Ltd. is one of the leading private manufacturers in China's fiberglass industry. Occupying 80,000 square meters, of which 60,000 square meters is covered by workshops, we have 410 employees, registered capital of USD1,500,000 and a yearly sales volume worth USD20,000,000. Most of the equipments were imported from Germany and Belgium, including 21 sets of Dornier rapier weaving machine, 5 sets of Karl Mayer warp-knitting machine, 18 sets of ICBT twisting frame and 12 sets Texturizing machine. The first-class machine have ensured the quality to meet the customer's requirements.

We have been engaging in the research, development, production, and sales of high quality fiberglass products for more than 8 years. Now, our facilities include filament drawing, twisting, weaving, and coating workshops. Main products include C-glass and E-glass fiber yarn, fiberglass and polyester geogrids, fiberglass wall covering, alkali-resistant mesh, PVC coated yarn, sun sheet and fiberglass insect screening, etc.

Holding the right to independently conduct import and export, we have appointed several exclusive sales agent in overseas countries. Due to our stable quality and competitive prices, our products have been imported by clients in the Germany, Italy, USA, Turkey, New Zealand, Russia, South Korea and so on.
